## Hoffman Of ECA Told To Resign By McKellar

Says Hoffman Using Threats To Up Funds

Washington, June 10—(AP)—Senator McKellar (D-Tenn.) got his dossier up against Paul Hoffman today, bluntly telling the Marshall plan boss:

"The sooner you resign, the better it will be for the United States."

Then as Hoffman vainly tried to break in, McKellar shouted that the ECA chief was using resignation threats in an effort to keep the Senate appropriations committee from cutting European recovery funds.

"You have undertaken to do it before," he stormed at Hoffman. But, he added, "you are not going to do it this time."

Hoffman finally managed to get a word in.

"Nothing I said implied any threat," he told McKellar. "I said if I came to the conclusion I could not administer the program successfully then I would resign."

**Follows Hoffman Testimony**

The exchange came as a follow-up to Hoffman's testimony yesterday that he believes the foreign aid program cannot be carried on successfully on less than \$4,000,000,000 for the fiscal year starting July 1. The House, however, voted only \$3,568,470,000 with authority to spend that amount in 10 months if necessary.

Hoffman told the Senate group yesterday that if it makes a deeper cut than the House did it would "wreck" the recovery program and that he "wouldn't want the responsibility" for carrying on the job in such circumstances.

Senator Ferguson (R-Mich.) cut into the Hoffman-McKellar squabble to say that he did not think that the ECA chief's remarks were meant as a threat.

But McKellar retorted: "I did take it as a threat." Then went on to tell Hoffman:

**Best For U.S.**

"I think it would be the best thing for the people of the United States and Europe if you did resign."

Ferguson broke in again to say:

"I think it would be a great calamity."

"Well," McKellar said, "every man is entitled to his own opinion."

Hoffman then quietly remarked:

"I'm here as a matter of public service just as you are, and I'll be here only as long as I can give service and am wanted."

Hoffman said he wished "someone would recognize the fact" that ECA is not asking for an increase in budget—but for 20 per cent less than the first year's program.

But several of the lawmakers have indicated that they intend to take another whack at the foreign aid funds in an effort to trim government spending so as to avoid a budget deficit.

**U.S. Says Japanese Disarmed, Working To Support Selves**

Washington, June 10—(UPI)—The United States declared today the Japanese are now "completely disarmed" and working to become self-supporting as soon as possible.

Rejecting attacks on the U.S. decision to halt Japanese war reparations, a formal government statement said this and other U.S. actions on Japan were dictated by "hard necessity."

The statement renewed the American contention that Japan is unable to pay further war damages without impeding its recovery. Restoring the Japanese to self-support, it said, is the "only course offering real hope of preventing a future renewal of Japanese militarism."

The statement was issued by the State department in behalf of the army and other agencies in reply to criticism by China, the Philippines and other Pacific allies.

The United States last month halted any further reparations deliveries and announced it would oppose any effort to revive the war damage payments to the Philippines. China and others which had received them.

Since then, the decision has been under attack in the 11-member eastern commission which has occupation policy for Japan.

**TO CALL FOR HOSPITAL BIDS**

Washington, June 10—(UPI)—The Veterans Administration has advised Senator Hickenlooper (R-Ia.) to withdraw from general construction bids on the 500-bed veterans hospital at Iowa City, Ia., on June 27.

The bids will be opened about six weeks later at the Rock Island, Ill., army engineer office.

The entire company aboard the Mayflower numbered 161 persons. Mr. Roy gave an oral statement admitting four other recent hold-

## Says Atom Scientist Asked Him To Be Red

Washington, June 10—(AP)—On grounds that he might incriminate a wartime worker in a west coast inmate himself, he refused to say atomic laboratory testimony today whether he ever had joined the party, or whether he had ever asked him to be a communist after he was taken to a party meeting by anyone else.

But, said Lomanitz: "Under no conditions have I been the House of American activities disloyal to the United States government."

He said that in his opinion membership in the Communist party doesn't necessarily mean that one is disloyal. And never be insisted, has he given anyone restricted information.

Davis said that Lomanitz was a physicist at the Berkeley laboratory from with him to two or three, and that about June, 1942, to September, 1943, he acknowledged that he had known "a Mr. Robert Davis" and his wife, Charlotte. But he would not say whether he ever had asked either to join the party.

Davis said that near the end of the committee today, but he March, 1943, he was transferred to the Los Alamos, N. Mex., atomic plant.

The slender, 23-year-old Lomanitz now is an associate physics professor. But before he left he burned the two communist cards, his wife's and his own.

## Mrs. Chambers Says Hiss Lied To Jury

**States He Came To Their Home In December, 1937**

New York, June 10—(UPI)—Small-spectacled Mrs. Whitaker Chambers testified today that Alger Hiss brought champagne to her home in December, 1937, to toast her wedding anniversary.

Hiss, former state department official, was indicted for perjury after he told a federal grand jury that he never saw Chambers after Jan. 1, 1937.

Mrs. Chambers, wife of the former communist spy ring courier, said Hiss and his wife, Priscilla, were at the wedding anniversary party nearly a year after Hiss said he broke off relations with Chambers.

**Hiss Brought Champagne**

"Mr. Hiss brought the champagne," said the witness in a voice so low that Federal Judge Samuel H. Kaufman moved nearer to catch her words.

Again a few days later, Mrs. Chambers said she and her husband were guests at the Hiss home at a New Year's party.

"Was December 31, 1937, or Jan. 1, 1938, the last time you saw Mr. and Mrs. Hiss?" Judge Kaufman asked.

"Yes, I believe so," Mrs. Chambers replied.

"You have no recollection of ever having seen them since the first of January, 1938?"

"That is right—except when this trial started. I haven't seen them since, until this morning."

Chambers has testified that Hiss also was a communist and turned over to him State department secrets for a prewar Soviet spy ring.

He said that yesterday when a woman worker of 23 years' service complained the work was too heavy,

she was given a disciplinary layoff of three days. Thereupon 30 others walked out in protest and the company gave the whole department of 100 employees a disciplinary layoff of noon.

Sam Clegg, president of the UAW local at the plant, said "the lid blew off." The company, he added, has been maintaining a policy of intimidation, discrimination and trickery in an effort to force us to accept an inferior contract."

Clegg said the first time Hiss in the spring or early summer of 1934 when Chambers brought Hiss to their apartment.

She was asked to identify Hiss and Mrs. Hiss in the courtroom and did so.

**Married Couple Graduated After 4 Years In College**

Chicago, June 10—(UPI)—A husband and wife, both 26-year-old navy veterans, wound up four years of married college life tonight.

They were Ronald and Claire Brough who met in 1944, were wed and began studying together in 1945.

Officials of the Western Avenue branch of the National Bank and Trust company said a preliminary check showed a shortage of \$50,000. They planned to recheck their records in an attempt to explain the \$30,000 excess in the money bags.

Alexander had reported earlier that the bags contained \$835,500.

Roy was returned here charged with the robbery in a federal com-

plaint and arraigned before U. S. Commissioner Eugene Knoblock. He

waived preliminary hearing and was

held in default of \$2,000 bond.

overs about the sun.

## Name Calling Comes In Senate Hearing On Commie Curbs

Washington, June 10—(UPI)—Henry A. Wallace's campaign manager was called a G.D.S.O.B. by a senator today, only the senator used the epithet in full.

The fighting words were tossed by Senator Eastland (D-Miss.) at C. B. Baldwin, secretary-treasurer of Wallace's Progressive party, at a hearing on legislation to curb communists.

Just previously, Baldwin had been

curtly dismissed by the witness

stand for failing to say whether or

not he was a communist. He accused

Eastland of "bloating against negro rights" and it was then that Eastland applied the strong language to him.

But, said Lomanitz:

"Under no conditions have I been

the House of American activities disloyal to the United States government."

He said that in his opinion mem-

bership in the Communist party

doesn't necessarily mean that one is

disloyal. And never be insisted,

**Army Apologizes For 'Unemployable' Tag Put On Clapp**

Washington, June 10—(UPI)—The army blamed a junior officer today for a transatlantic snafu in which it had labeled TVA Chairman Gordon Clapp "unemployable" for an assignment in Germany.

Secretary of the Army Gordon Gray telephoned an apology to Clapp expressing "deep personal regret" that this incident had occurred.

The list of the army's explanation

was this: U. S. military government

officials in Germany suggested that

the Tennessee valley authority offi-

cials might be sent over to help

create a sound German civil ser-

vice. A junior officer decided that

Clapp was not the man for the as-

signment and sent a cable to Frank-

lin calling his "unemployable."

When the story came out today,

much agitation was apparent at the

Pentagon. Two explanatory state-

ments were issued.

The first said that Clapp had

never been requested to consider an

assignment with the military gov-

ernment, had never been investigated

by the army, and that the army

had never been derogatory in

information about him.

"The system was at fault; the sys-

tem has been changed," the army said.

**Mme. Undset, Nobel Prize Winner Of 1928, Dies At 67**

Oslo, Norway, June 10—(UPI)—Sigrid Undset, winner of the 1928 Nobel prize for literature and an ardent crusader against Nazism, died today at Lillehammer. She was 67.

Mme. Undset had been ill through-

out the winter but had been feeling

better this spring, her friends said.

Then she suffered a stroke two days

ago and was taken to Opland County hospital.

Her prize work was the Kristin

## Frisch New Manager Of Cubs As Grimm Moves To Office Job

Boston, June 10—(AP)—Jolly by Leo Durocher, who persuaded Charlie Grimm quit the Chicago him to rejoin the New York Giants Cubs bench for its front office and as coach. He broke in with that Frank Frisch became his managerial successor for a three-year term today.

That shakeup was described by owner Philip K. Wrigley as "the best way to get the club ahead."

Wrigley said that Grimm, manager of the Cubs for about 14 years since 1932, suggested his own transfer as the club's vice president in charge of baseball operations and Frisch's appointment as his successor.

Frisch, also a veteran pilot in the National League ranks, managed the St. Louis Cardinals and Pittsburgh Pirates, in between a Boston baseball broadcasting assignment, from 1933-1946.

Again vowing he was "through forever with managing," Frisch returned to the airways in New York in 1942. But this season he again was lured away from his microphone

## Pirates Overcome Giants 6-1, Move Out Of NL Cellar

New York, June 10—(AP)—Southpaw Bill Werle spun a shutout third as the last piece Pittsburgh Pirates hung a 6-1 defeat on the New York Giants today.

For five-and-a-half innings the Giants hung without success at Werle's offerings. Not a New Yorker reached first until Larry Jansen, the Giant starting pitcher, slapped a single to center with two out in the sixth. He got no further.

The Pirates, meanwhile, had picked up a brace of runs in the second when Centerfielder Wally Westlake whacked a home run with Ralph Kinner on second base. Kinner had gone all the way to second on Old Gordon's wild throw.

Jansen retired in the eighth after he was greeted by a home run off the bat of Pete Castiglione, and then failed to retire any of the next three men to face him. Sam Webb mopped up.
